Experience

UNISOL

Universidade de Aveiro, Portugal

Mar 2012 - Present

Researcher

DESCRIPTION

Research grant to work for UNISOL, an European consortium assembled to build a domestic solar heating system from the ground up. My responsabilities and projects included:

- · Prototyping an embedded control system based on a PIC32 micro-controller and several sensors and actuators.
- · Development of a system simulation model using MATLAB and
- · Deployment and admnistration of a Linux server running an Open-Stack cloud computing environment, a MATLAB computation clus-

ters, and other key services.

Xenomai Lab

Universidade de Aveiro, Portugal

JAN 2011 - Present Software Engineer

Description Principal developer and maintainer of the Xenomai Lab real-time con-

trol platform. This included up-close work on areas such as

· Distributed version control using git.

· Graphical User Interface development using Qt/C++.

· The Xenomai real-time framework and its real-time semantics in C.

· Licencing, packaging and distribution of a free software project.

Jan 2012 - Present Master Thesis Colaborator

Description Technical coordinator for several student master thesis

· Sep 2012 - Present TODO.

· Jan 2012 - Dez 2012 Controlador Adaptativo baseado em Xenomai.

Education

2005–2012 M.Sc. Electronics and Telecommunications Engineering

Institution Universidade de Aveiro

Campus Universitário de Santiago, 3810-193 Aveiro, Portugal

THESIS Xenomai Lab - A Platform For Digital Real-Time Control

Description 5 year degree (Bachelor and Master's included).

Thesis graded 19/20 after public defense.

2008–2009 Erasmus Exchange Program

Institution TU\e Technische Universiteit Eindhoven

Den Dolech 2, 5612 AZ Eindhoven, Netherlands

Description One year spent abroad under the Erasmus Exchange Program.

Languages

Portuguese Native speaker

English Advanced speaker. Five years of education in the British Council

achieving level A in First Certificate of English (2001) and level B

in Certificate of Advanced English (2004)

Spanish Basic understanding in both written and spoken form.

Technical Skills

Software A thorough understanding of the C programming language and Real-

Time Operating Systems semantics, based on Linux variants such as

Xenomai, RTAI and RTLinux.

Working knowledge of C++/Qt GUI framework and modern development concepts such as Test Driven Development, Continuous In-

tegration and cloud computing.

HARDWARE A working knowledge of PIC microcontrollers, basic analog filter de-

sign and PCB prototyping using EAGLE.

Soft Skills

Social Skills Experience in multicultural environments

Open-Minded

Highly responsible and professional

Organizational Skills Independent research

Strong drive for initiative

Planning and scheduling of team/individual project.

Additional Skills

Driving License Category B-1
